DISRUPTING the SPORTS INDUSTRY

The Moxie Games

The collection of competitive sports held at SkillCon. The “Olympic body” of outside-the-box sports.

SkillCon - The Ultimate Skill Convention

SkillCon and the Moxie Games collectively are an event and international broadcast platform for a variety of avant-garde skills and sports.

OUR MISSION

Our goal is to reward all Moxie Games athletes and event organizers for their dedication and perseverance by providing a medium where excellence in these outside-the-box-sports can be recognized and showcased to the world. We want to create unprecedented opportunities for those who excel at these compelling skills and support their ambitious event organizers, breaking down the barriers preventing them from achieving their goals. In touching and changing all the lives involved in these events, we create compelling and relatable human interest stories that enhance the Moxie Games programming while captivating, motivating and inspiring our viewers.

We put help and services for others first within immersive and experiential events for the whole family. We generate opportunities for extraordinary athletes to turn into sponsorable social media influencers by promoting their skills within our online content. And we combine all these elements into learning and viewing experiences for attendees while making newsworthy historic advances as the olympics of outside-the-box sports.

As the only organization dedicated to these goals, our content has been and will continue to be viewed and shared by millions due to our unconventional approach to event support and in the unprecedented production of these eccentric competitive sports.

Unexpected, unprecedented, too-good-to-be-true-but-it-is support and experiences for every life we touch. Even the union janitor will come away from our event thinking it was the best experience of his life.

HOW WE SUPPORT OUR EVENT PARTNERS

- Competition stages/courts, workshop/seminar rooms, exhibition/practice space
- Logistical support and exposure for event organizers and their athletes
- Customized promotional videos for individual events
- Full service sports programming video production of events
- Learning opportunities that develop physical and cognitive skills
